

Frank Capecci, MD, FAAOS, an Orthopedic Surgeon with Tri-County Orthopedics

Get to know Orthopedic Surgeon Dr. Frank Capecci, who serves patients throughout the State of New Jersey.

New York City, New York Jun 13, 2022 ([Issuewire.com](https://www.issuewire.com)) - A highly trained orthopedic surgeon, Dr. Capecci is affiliated with Tri-County Orthopedics, serving patients at their offices in Jefferson and Denville, New Jersey. His clinical areas of expertise and special interests include treating diseases and injuries of the shoulder, hip, and knee, including the operative and nonoperative management of

arthritis.

Awarded "America's Top Physician" several times, his goal as an orthopedic surgeon is to provide the best possible care to his patients. To accomplish this, he will give them the time and attention needed to ensure the best possible outcomes.

Tri-County Orthopedics is the most preferred, recognized, and awarded orthopedic practice in the region. Their orthopedic surgeons and physicians are specialists dedicated to caring for the entire musculoskeletal system. Every physician and surgeon in their world-class team is board-certified or fellowship-trained in their subspecialty. As experts in their fields, their team works together to provide patients with the highest level of treatment in orthopedic surgery, nonsurgical sports medicine, and spinal care.

Throughout his academic career, Dr. Capecci graduated magna cum laude from William Paterson University and completed his medical degree at the University of Medicine and Dentistry of New Jersey in 1983 with membership in the Alpha Omega Alpha Honor Medical Society. He then went on to complete his internship and residency in orthopedic surgery at University Hospital - Newark.

Recognized as a Fellow of the American Academy of Orthopedic Surgeons (FAAOS), the doctor is board-certified in orthopedic surgery by the American Board of Orthopedic Surgery (ABOS). The ABOS is an organization with the goal of establishing educational and professional standards for orthopedic residents and surgeons as well as evaluating the qualifications and competence of orthopedic surgeons.

In his professional experience, he has served on the medical staff of Saint Clare's Hospital in several roles, including chairman of the Surgical Performance Improvement Committee, as a member of the Medical Executive Committee, and he currently serves on the Hip and Knee Replacement Committee. He joined Dr. Ken Cubelli in private practice in 1994 after several years in practice in Ohio.

Orthopedic surgery is the branch of surgery concerned with conditions involving the musculoskeletal system. Orthopedic surgeons use both surgical and non-surgical means to treat musculoskeletal trauma, spine diseases, sports injuries, degenerative diseases, infections, tumors, and congenital disorders.

A first-generation Italian immigrant, Dr. Capecci was raised in Queens, New York, and New Milford, New Jersey. He currently lives in Morris County with his wife and two golden retrievers. In his free time, he enjoys spending time with his adult children, grandchildren, and extended family as well as scuba diving and riding his motorcycles.
