

George J. Reul, MD, a Cardiothoracic Surgeon with Baylor St. Luke's Medical Center

Get to know Cardiothoracic Surgeon Dr. George J. Reul, who serves patients in Houston, Texas.

New York City, New York Jun 28, 2022 ([IssueWire.com](https://www.issuewire.com)) - Dr. Reul is a cardiothoracic surgeon who is affiliated with Baylor St. Luke's Medical Center, the private adult hospital of the Baylor College of Medicine jointly owned with CHI St. Luke's Health.

Baylor St. Luke's Medical Center is an internationally recognized leader in research and clinical excellence that has given rise to breakthroughs in cardiovascular care, neuroscience, oncology, transplantation, and more. Their team's efforts have led to the creation of many research programs and initiatives to develop advanced treatments found nowhere else in the world.

A 1962 graduate of the Medical College of Wisconsin, Dr. Reul went on to perform his internship at the University of Chicago. He then completed his residency in general surgery at Medical College of Wisconsin Affiliated Hospitals, and his fellowship in thoracic surgery at Baylor College of Medicine.

With over six decades of experience, the doctor is board-certified through the American Board of Surgery, and the American Board of Thoracic Surgery. The American Board of Surgery is an independent, nonprofit organization founded in 1937 to provide board certification to individuals who have met a defined standard of education, training, and knowledge in the field of surgery. The American Board of Thoracic Surgery serves the public by promoting excellence in practice through rigorous evaluation and examination, providing leadership in education, and ensuring high standards for professionalism, lifelong learning, and certification.

In addition to being a Fellow of the American College of Surgeons, Dr. Reul is a member of the Society for Vascular Surgery.

A cardiothoracic surgeon is a medical doctor who specializes in surgical procedures on the heart, lungs, esophagus, and other organs in the chest. This includes surgeons who can be called cardiac surgeons, cardiovascular surgeons, general thoracic surgeons, and congenital heart surgeons.
