UNIQUE FASCINATING EXCELLENT EXCITING

This book is amazing. It is nothing like I have ever read before. It is funny even hilarious, entertaining, thought-provoking, adventurous, educational, mysterious, and even sensual. Every night I could not wait to continue reading more. It does not have bloody stories or horrifying murders, what it does have are excellent stories that you try to figure out whether are true or not true, did this really happen or is it made up by the author. It makes you feel good when you are ready to go to sleep. I highly recommend it to all people who like to read and yes to all people who hate to read. Try it you will like it. Definitely 5 stars

MOVING, MAGICAL AND MEMORABLE

I enjoyed this excellent collection of short stories. My favorites, so far, are "Tico," "Earthquake," "Influencer" and "Dona Zinha." True to the book's title, author José Carlos Eiras delivers engaging narratives of love, wisdom, and family adventures. He blends the cultural traditions of South America, Europe, and North America to produce a truly unique and warmly entertaining style of expression. Bravo, and nicely done!
