Houston, Texas Jun 12, 2022 ([Issuewire.com](https://www.issuewire.com)) - Houston-based Life Savers Emergency Room is opening a brand new [emergency room in Summerwood](#) off of Lake Houston Parkway in Houston. The new office located at 12664 W Lake Houston Pkwy, Houston TX 77044 will be the third location for Life

Savers Emergency Room. Life Savers ER already has two convenient emergency rooms in Houston; [Willowbrook ER](#) and [Heights ER](#).

Although the [Summerwood ER](#) location opened in December of 2021 the rise in COVID cases denied the company of its milestone celebration. As the COVID surge decreased the Partnership Lake Houston chamber made available the proper welcome. Life Savers [Summerwood emergency room](#) hosted 50 attendees including local residents, fellow chamber members, and political leaders. Everyone enjoyed the food and live DJ provided by City Ambulance. During the ceremony, Life Savers received a certificate of congratulations from the representative of U.S. Congressman Dan Crenshaw of the Second Congressional District of Texas.

"We are excited to provide another clinic for the Houston Community," says Dr. Foyé Ikyator, medical director of Life Savers ER. "We have created a footprint for Houston that puts multiple offices close to people's homes and offices. The new clinic in Summerwood will now become another essential part of this footprint."

Life Savers ER was founded in 2015 by Dr. Foyé Ikyator. The clinic was created to provide a safe and comfortable environment for our community to receive emergency medical care without having to experience long wait times in crowded and busy Emergency Rooms. Life Savers ER partners with our local police department, fire department, and postal service workers and belief in the service they provide to our community.

Life Savers ER offers on-site pharmacy, on-site lab, and imaging services including x-rays, CT scans, and advanced laboratory. Life Savers ER offers high standard, quality emergency medical care at all of their convenient ER locations with the help of experienced staff and a team of expert doctors. Life Savers Emergency Room is known for being a 24-hour, 7-days a week emergency room facility equipped to handle life-threatening conditions quickly, including dehydration, heatstroke, chest pain, respiratory infections, stomach pain, vomiting, neck pain, back pain, auto accident injuries, pediatric emergency care, workplace injuries, broken bones, sprains, strains, STD testing and care, women's urgent issues and more.

Life Savers ER is Houston's go-to destination for COVID testing. COVID-19 assessment and care have been available at Life Savers ERs since the beginning of the pandemic. Assessment and care are available at all three locations including; 10-minute PCR testing, Antibody testing, Antigen testing, and Molecular testing.

"Life Savers ER is committed to taking care of the residents of Houston and this new Summerwood clinic is going to continue with that mission." Dr. Foyé Ikyator, said. "The pandemic isn't over yet and we are still testing and caring for people with COVID-19 every day."
