

Official Launch of Elisium Gallery – Impressionist & Futuristic Art by Rose Burnett

Perth, Western Australia Jun 8, 2022 ([IssueWire.com](https://www.IssueWire.com)) - Elisium Gallery showcases the artwork of Digital Artist, Rose Burnett where alien worlds collide with ancient times on earth. Quirky Impressionist and Futuristic art are like a virtual walk-through time.

“My Impressionist Art captures the beauty of life and human interaction. My futuristic digital art is created with AI technology that I hope surprises, delights, and makes one wonder of what our Future could possibly Be ~ Rose Burnett”

Elisium Gallery is an online art gallery of limited-edition canvas and acrylic prints, all works are original and available as Premium NFTs on the OpenSea.io marketplace.

NFTs are [non-fungible tokens](#) for digital assets stored on the Blockchain. Powered by Smart Contracts, they are purchased with cryptocurrency and held in a crypto wallet. Investors can think about NFTs as a commodity like gold, silver, and art.

Rose Burnett is the Creator of the [Elisium NFT Collection](#) of 253 Impressionist and Futuristic NFT Artwork. As well as the [Vixen3D NFT Collection](#) of 73 Fantasy Character Collectibles and 3D Graffiti Art. Premium NFTs by Rose Burnett include a bonus Canvas Print of the Artwork from Elisium Gallery in unlockable content of NFT Sale.

The best of these NFT Artwork Collections is showcased in the Elisium Gallery and growing. Making the art accessible in print form, worldwide.
