

Ontario Non-Profit Org Continues To Make Impact Now Joining Forces With Renowned NFL Free Agent Jajuan Harley

North Bay, Ontario Jun 18, 2022 ([IssueWire.com](https://www.issuewire.com)) - "Have you ever been told that it's impossible? I'm quite sure. I get told all the time, It's impossible to dream. It's impossible to achieve. It's impossible to do the impossible. Guess what? I'm possible. I'm turning the negative energy you send me, and I'm going to send you back with positive energy because I'm possible. The two greatest words in the human dictionary are: I am." - Jajuan Harley

They are inspiring words, spoken by a young man who has shown how to set and achieve goals, reaching NFL heights most can only dream of. But as he says on his website, "My goal is not to take any glory. The goal is to motivate others through my journey to never give up on their dream and to show appreciation for every opportunity life presents to me."

Clearly, he means what he says. Recently North Bay, Ontario-based nonprofit Ignite Change announced a new partnership with Harley. The impactful organization has been in the news before - for their incredible scholarships supporting the community, and much more.

Speaking to the media in March when Ignite CHANGE announced a partnership with Celebrity Mixed Martial Artist Johnny Case, Ignite CHANGE founder Devon Teeple said, "As the Founder of The GM's Perspective & Ignite CHANGE I take great pride in working with athletes and personalities from all walks of life. Their lives and their stories can provide the reader with more than just a glimpse into their professions, it can showcase the countless positives that truly make them stand out from the crowd." He also spoke personally of how for him, "Sports has always been the constant - with teamwork and the belonging piece always being a calming voice."

The GM's Perspective, a well-respected source of sports-related content that provides something inherently more than stats and box scores, supports the important mission of Ignite CHANGE.

The new partnership is an exciting one, extending the reach of both to new audiences and allowing their shared voices to make a real difference in the lives of young athletes and others who benefit from the important work that they do support athletes dealing with mental health issues (anxiety, depression, etc) which is recognized across North America.

**

More about Ignite CHANGE: North Bay's Ignite CHANGE is a local non-profit - and the work that they do support athletes dealing with mental health issues (anxiety, depression, etc) is recognized across North America. Research highlighting sports leadership and the positive impact that it can have on players is something that Ignite CHANGE has become well known for.
