

Oren Miller, MD, FACS, FAAP, a Urologist with Urologic Specialists

Get to know Urologist Dr. Oren Miller, who serves patients throughout the State of Oklahoma.

New York City, New York Jun 30, 2022 ([Issuewire.com](https://www.issuewire.com)) - An exceptional urologist, Dr. Miller is in practice at Urologic Specialists, seeing patients at their offices in Tulsa, Muskogee, Joplin, and McAllister, Oklahoma. He joined the practice in 2004.

Since 1948, Urologic Specialists have offered exceptional and innovative urologic care for men, women, and children throughout the region. Their physicians are skilled in the diagnosis and treatment of

urologic disorders and conditions. Their doctors are trained in many different urologic subspecialties allowing them to offer patients the most advanced care and treatment available. Their goal is to provide patients with the highest quality of patient medical care available with a commitment to their satisfaction.

Before embarking on his professional journey, Dr. Miller graduated with his Bachelor of Science degree in Biochemistry and Biology from Trinity College and obtained his Master of Science degree in Biochemistry from UCLA. He earned his medical degree from the St. Louis University School of Medicine, before completing his internship and residency in urology at the Naval Medical Center San Diego. Finally, he completed his fellowship in pediatric urology at Pediatric Urological Associates.

Following his training, the doctor attained board certification in urology and pediatric urology through the American Board of Urology (ABU). The mission of the ABU is to act for the benefit of the public by establishing and maintaining standards of certification for urologists, and working with certified urologists to achieve lifelong learning to ensure the delivery of high-quality, safe, and ethical urologic care.

Achieving fellowship status, he is a Fellow of the American College of Surgeons (FACS), and a Fellow of the American Academy of Pediatrics (FAAP).

Urology, also known as genitourinary surgery, is the branch of medicine that focuses on surgical and medical diseases of the male and female urinary-tract system and the male reproductive organs. Urologists specialize in diseases of the urinary tract and the male reproductive system. Patients may be referred to a urologist if their physician suspects they may need treatment for a condition relating to the bladder, prostate, urethra, ureters, kidneys, and adrenal glands.

Among his most notable achievements, Dr. Miller has been the recipient of the Top Doctor Award by Oklahoma Magazine (2008-2022).
