

Rahul Mahar biography , lifestyle and family

Singer , Music composer , lyricist , Music label owner

Alwar, Rajasthan Jun 4, 2022 ([Issuewire.com](https://www.issuewire.com)) - Rahul Kumar Meena is known as " [Rahul Mahar](#) ". His father's name is Pradeep Meena. Rahul Mahar is an Indian singer and songwriter, who is known to be the founder of the label HIT MUSIC COMPANY. Mahar has also had a major impact on other Indian singers

Rahul Mahar had been in the music business for at least three years. He spent much of his time as a

kid, hearing all kinds of music coming from different artists and bands that visited the store to buy musical instruments or rent studio time for their records

—

Rahul has been associated with releasing various Hindi songs in the past. He has also composed and written many songs that have gained popularity over time.

In this section, we will be discussing the life and career of Rahul Mahar. He was born on the 6th of February in the year 2004. His hometown is Kherli, India, but he currently lives in Chandigarh. Rahul originally wanted to be a drummer as he found it to be more exciting and challenging as compared to being a singer or songwriter. In fact, he would play drums with his friends during their free time at school when they weren't being taught anything interesting by their teachers. However, his affection for music didn't last long and after a year of drumming, he stopped and picked up singing instead. When people heard him sing

—

Rahul Mahar is a singer and a songwriter. He also has the label Hit Music Company, which he runs by himself.

Rahul was born on 6th February in the year 2004 and is currently 18years old. He was brought up in Rajasthan. His love for music started at an early age and he learned how to music composition and songwriting music distribution when he was 16 years old.
