

Rosemarie Coyle, RN, MSN, a Registered Nurse with Huntington Hospital

Get to know Registered Nurse, Rosemarie Coyle, who serves patients in Huntington, New York.

New York City, New York Jun 9, 2022 ([IssueWire.com](https://www.issuewire.com)) - Rosemarie is a registered nurse currently serving her patients at Huntington Hospital.

Huntington Hospital is a full-service, 371-bed, nonprofit hospital serving Huntington Township and the surrounding communities. They strive to improve the health and quality of life of the people and communities they serve through world-class, patient-centered care.

To begin her career, Rosemarie earned her nursing degree from Stony Brook University. Furthermore, she is a professional member of the American Nurses Association in order to stay up to date in her field.

On a more personal note, she attributes her success to her passion for helping others, her life experiences, and being able to make a difference every day.

A Registered Nurse (RN) is a nurse who has graduated from a nursing program and met the requirements outlined by a country, state, province, or similar licensing body to obtain a nursing license. RNs fulfill a variety of job duties. In addition to their primary role in treating and caring for patients, their responsibilities also include educating patients and the public about a variety of medical conditions, as well as providing emotional support and advice to the families of their patients. Other RN job functions include leadership, research, performing diagnostic tests and analyzing results, operating medical equipment, administering medications, recording patients' symptoms and medical histories, and assisting with patient rehabilitation and follow-up.
