SAMIARWASTAKEN WAS INTERVIEWED.

What is your age and how long have you been in the music business? I will be eighteen years old on April 30, 2023. I've been involved in the performing arts since middle school. Throughout high school, bringing things to a logical conclusion What words do you think you'd use to characterize your personal style? My personal style is unique in that it is playful. Having fun and expressing oneself is at the heart of rap/hip hop, which encompasses anything I enjoy doing or watching, such as anime. What was the inspiration for the song's concept? I'd had the rhythm for a while but didn't know what to do with it until one day, while listening to it, a beautiful hook occurred to me. So I went ahead and filmed it, then went on to watch this awesome anime called My Dress Up Darling, and presto, I had some words. I had the song for a while and decided to email it to a friend to test if he liked it one day while scrolling, and it went viral from there.
