

SunTec India- One of the Leading IT Outsourcing Companies

Helping global enterprises with dependable outsourcing solutions since 1999

Laguna Beach, California Jun 16, 2022 ([IssueWire.com](https://www.issuewire.com)) - Over the years, outsourcing has gained immense popularity. From reducing costs to saving time, resources, and effort, outsourcing has become a proven way to beat the odds and reap maximum benefits. This is where solutions from SunTec India help. By providing cost-effective IT outsourcing services, the company is helping businesses focus on their core competencies, scale business operations, and get bespoke solutions.

In a time when data has become an essential business entity, the [data entry service](#) from SunTec India is helping companies effectively utilize their data, put it in a usable form, and make it actionable for various purposes. The company has also been recognized as **Clutch's global leader in data entry services**. Moreover, the company provides unparalleled support for other data-related tasks like data cleansing, data management, and data processing.

Other than data functions, the company also offers a mixed pool of other outsourcing services, including but not limited to eCommerce solutions, digital publishing solutions, photo editing, digital marketing, and software development solutions.

SunTec India's outsourcing solutions have also played a crucial role during and after COVID-19. The company has helped startups and other businesses navigate through its reliable & affordable IT solutions. The outsourcing solutions from SunTec India go beyond cost-cutting. The company focuses on delivering value, attaining 100% client satisfaction, and helping brands reach their goals.

SunTec India- About the company

Started its operations in 1999, today, SunTec India has become one of the leading IT-outsourcing firms. It is rated among one of India's best multi-process IT outsourcing companies with a growing global presence. The company has served a vast clientele of 7,800 clients from 50 different countries, including startups, SMEs, and Fortune 500 companies, and has successfully delivered more than 2000 projects.

At present, the company has an experienced and talented resource pool of over 1,500 full-time employees and 8 development centers in New Delhi, India. SunTec India's ISO-certified processes and stringent quality checks further strengthen credibility and trust in the company's services and outcomes. Standing true to its vision- "clients at the center of everything we do", the company has served its clients wonderfully and built a strong reputation over the years.

No matter how challenging the situation is, the company has innovated and implemented new forms to work effectively, embrace changes, and build a positive culture with empowered solutions and confidence. Furthermore, their vibrant culture makes the organization one of the best companies to work with.
