

Terese Copeland, MD, ANA, AOA, an Allergist & Immunologist with Adirondack Allergy & Asthma Associates

Get to know Allergist & Immunologist Dr. Terese Copeland, who serves patients in Saratoga Springs, New York.

New York City, New York Jun 8, 2022 ([Issuewire.com](https://www.issuewire.com)) - Dr. Copeland is a board-certified allergist & immunologist seeing patients at her private practice - Adirondack Allergy and Asthma Associates - in Saratoga Springs, New York. Since 1997, she has treated patients of all ages for chronic and acute allergies, asthma, and related medical conditions. She can also be found on staff at Saratoga Hospital,

Albany Medical Center, and St. Peter's Hospital-Albany.

Admired and respected by her patients for her exceptional comprehensive and caring approach, she always takes the time to thoroughly evaluate every patient, carefully reviewing medical records, asking questions, responding to concerns, and conducting physical examinations. She is known for her attention to detail, kind bedside manner, and extensive medical knowledge.

Graduating with her medical degree from the Albany Medical College, Dr. Copeland went on to complete her internship, residency in pediatrics, and fellowship in allergy & immunology at the Fitzsimons Army Medical Center in Aurora, Colorado.

As a testament to her continued education, the doctor is board-certified in allergy & immunology by the American Board of Allergy and Immunology (ABAI). The mission of the ABAI is to improve the quality of medical care by the development and utilization of professional and educational standards for the initial certification and maintenance of certification of physician specialists in allergy and immunology.

Professionally, she is an active member of the American College of Allergy, Asthma, and Immunology, the American Academy of Allergy Asthma and Immunology, and the Alpha Omega Alpha Honor Medical Society (AOA), and the American Medical Association (AMA).

Allergy and immunology involve the management of disorders related to the immune system. These conditions range from the very common to the very rare, spanning all ages and encompassing various organ systems. An allergist/immunologist is a physician specially trained to diagnose, treat, and manage allergies, asthma, and immunologic disorders, including primary immunodeficiency disorders.

Among her most notable achievements, Dr. Copeland has been the recipient of the Patients' Choice Award (2016, 2015), On-Time Doctor Award (2016, 2015), and Compassionate Doctor Recognition (2016, 2015).
