OF PALM BEACH - TRANSFORMING LIVES HOLISTICALLY

**Palm Beach Gardens, Florida Jun 18, 2022 ([Issuewire.com](https://www.issuewire.com))** - Natural Medicine of Palm Beach is happy to announce its new location at 4360 Northlake Blvd Suite #100 Palm Beach Gardens Florida. Natural medicine of Palm Beach takes a holistic approach to your health and weight loss needs. We believe that achieving good health starts at the cellular level. There are four primary pillars to optimal health: Discovery, Nutrition, Detoxification, and Consciousness. All four areas need to equally be balanced, in order for the body to function optimally. If just one area is deficient or imbalanced, it can affect all aspects of your health. Once the body is in balance, it then has the ability to begin to heal itself from unwanted symptoms and conditions. We specialize in personalized bio-energetic assessments to help discover the imbalances in the body. We focus on but are not limited to: Weight Loss, Lyme, Sleep Disturbances, Chemical & Heavy Metal Detox, Food Sensitivities, Nutritional Imbalances, Digestion/Gut Health, Environmental Sensitivities, Allergy Sensitivities, Hormonal Imbalances, Emotional Imbalances, Inflammation, Anxiety / Panic /Stress. Visit us online and book your appointment today. <https://naturalmedicineofpalmbeach.com><https://naturalmedicineofpalmbeach.com/weight-loss>
