

## UK Entertainment Industry Work Permits 2022 Creative Worker Visa Program Expands

As leading UK work visa specialists, ENT imm announced the expansion of the Certificates of Sponsorship (CoS) program to meet the growing demand for UK work permits for filmmakers, actors, producers, musicians, and other creative workers.

**Uxbridge, Middlesex Jun 30, 2022 ([Issuewire.com](https://www.issuewire.com))** - With the expansion of these services, ENT imm offers Standard and Priority immigration services to production houses looking to expedite the issuance of their UK work permits. The firm is committed to providing a streamlined service that meets the needs of its clients.

Because 80 percent of their clients are repeat customers, ENT imm lays emphasis on conducting seamless entertainment immigration assessments, expediting cases, and ensuring compliance whilst the visiting cast and crew are in the UK. The visa system changes from time to time, and the firm is diligent about providing clients with up-to-date information about the necessary procedures and details for obtaining CoS documentation.

As an A-rated premium sponsor of the UK Visas and Immigration (UKVI), ENT imm is qualified to facilitate the issuance of Certificates of Sponsorship to reputable film & TV production companies, one of the necessary documents for international cast and crew to enter the UK. Their team understands that the process of obtaining a work permit to film or pursue other creative work in the UK can be time-

consuming and stressful. Their goal is to make the process efficient so that clients can be cleared for entry and get started on their work as soon as possible.

The team works with clients to ensure that the necessary documentation is provided, determines the eligibility of candidates, distributes the work permits, and supports the workers while they are in the UK by ensuring that they have all the information and resources necessary to remain compliant with UKVI.

98 percent of the cases are completed in standard service time - within 10 business days. Other options include priority service, same-day service only available for non-visa nationals, and additional immigration services. The ease with which creative workers are able to obtain visas is one of the reasons that so many filmmakers choose the UK for their projects.

With the latest announcement, ENT imm provides all the resources, knowledge, and support clients and prospects need amid changing rules and regulations.

According to Founder Gurpreet Singh, "At ENT imm, we may act as your third-party sponsor for the purposes of UK immigration for your international production if you qualify and meet eligibility requirements. We liaise with the Home Office and ensure the right certificate of sponsorship for your cast and crew is issued, giving your talent, directors, producers, and technicians permission to work in the UK."
