

ViontechSystems International Recognized as a Great Place to Work-Certified™ Company

Viontech Systems International LLC is recognized as the Great Place to Work-Certified™.

Dubai, United Arab Emirates Jun 15, 2022 ([IssueWire.com](https://www.IssueWire.com)) - Visiontech, a leading system integrator company in UAE, has achieved Great Place to Work® Certification in the Middle East. This prestigious award is based on employee feedback gathered by Great Place to Work® (GPTW®), the global authority on workplace culture. Through an extensive and anonymous survey, GPTW® measured the employee experience, corporate culture, and leadership behaviors at Visiontech. After a rigorous assessment, companies that foster an attractive, trustworthy, and rewarding culture are qualified.

Rankings are based on employees' experiences, no matter who they are or what they do. Within the survey, employees have an opportunity to give personal feedback regarding what they feel the company can do to improve even further.

Visiontech's CEO, Aliasgar Dohadwala said, "Our people are our strength, and we strongly believe in empowering our people and encouraging them to learn and grow as a professional as well as individuals. We are proud of our team and are extremely happy to receive this certification".

"We firmly believe in our core values and are humbled by earning this recognition. We aspire to be in the Top 100 list in near future by being a better version of the organization each passing year" said, Murtuza Pitolwala, CTO, Visiontech.

As per the survey results, Visiontech scored impressively high on the trust index that measures factors such as camaraderie, fairness, respect, pride, and credibility amongst its employees. This is the first time we have participated in the assessment, and it is great to know our own culture assessment results. We will continue to hone our craft and become a great workplace year after year. The accreditation emphasizes Visiontech's commitment to believing in its culture, HR practices, and various strategic initiatives to support the professional growth of its talent.

About Great Place to Work

Great Place to Work is the global authority on high-trust, high-performance workplace cultures. Through its certification programs, Great Place to Work recognizes outstanding workplace cultures and produces the annual Fortune "100 Best Companies to Work For®" and Great Place to Work Best Workplaces lists for Millennials, Women, Diversity, Small & Medium Companies, industries, and, internationally, countries and regions.
