

A Mother's Love Anthology Project dedicated to God's daughters set to launch this week

Baton Rouge, Louisiana Jul 24, 2022 (Issuewire.com) - **Nationwide** -Visionary Author Nadia Francois has compiled a dynamic collection of sincere and encouraging "Love Letters" from mothers and daughters in every capacity. The promises of God are rich for His daughters and this book allows women of all ages to embrace the love, strength, and power of this title.

A Mother's love is unconditional as that of Christ, and sometimes the right time never comes to reveal the words from our hearts to our loved ones. The purpose of this book is to allow mothers to communicate their messages of love and legacy to their daughters and have in turn blessed the lives of all of God's daughters.
