

Basic Requirements For The Indian E-Visa Application – Discussed By Indiavisaonline Professionals

New Delhi, Delhi Jul 9, 2022 ([Issuewire.com](https://www.issuewire.com)) - India has always been a center of attraction for its cultural and historical values. And Indian visa for foreign citizens has become more accessible with the online process of India Visa Online. But before you indulge in the process you must know all the requirements that this visa application demands. The basic documents that you have to produce before the visa company are - a valid passport, email address, and credit card. At the time of application, you must offer your full name, date, and place of birth, residential address, passport number, and nationality. First, you have to make the payment after that you need to upload the required documents. A secure link will be sent via email which will let you upload your documents online.

If you are facing any difficulties uploading your passport while applying online then you can send the documents via email. Or if you want you can contact their customer support and they will give you directions to upload them or send them successfully. You can use your mobile phone, laptop, tablet, or a professional scanner but make sure that the document is legible and clear. While applying for the visa you need to state the reason for visiting India, they have India eTourist Visa, India eMedical Visa, and India eBusiness Visa on their website. For more information on **Indian Visa Passport**

Requirements, you can visit the

Apart from a passport, the next major thing that you will have to offer them to complete the application procedure is a clear photo of yours. They have made the entire process secure so that you can upload your photo worry-free. Make sure the image is saved in PDF, JPG, PNG, GIF, or TIFF while sending them. Or if they ask for some specific file format then you will need to send the photo in that format only. And the photo should be 350 pixels by 350 pixels in height and width. In this case, as well you can choose any device of your choice to scan the photo while fulfilling the **Indian Visa Photo**

Requirements. Visit the link to know more <https://www.indiavisa-online.org/evisa-india-information/india-visa-photo-requirements>.
