

Birmingham Security Services Offering Free Risk Assessment and Free Quotation

Security services your can trust and afford

BIRMINGHAM
SECURITY SERVICES

West Midlands, United Kingdom Jul 14, 2022 ([IssueWire.com](https://www.issuewire.com)) - Birmingham Security Services is one of the most established and trusted security companies in Birmingham, proving manned security guarding services to the whole West Midlands region.

They provide construction site security, property protection & inspection, gatehouse security, reception

& concierge, retail loss prevention, logistics & distribution security, manufacturing & industrial security, schools, colleges, universities, and campuses security, healthcare security, key holding & mobile patrol and risk assessment services.

Birmingham Security has an experienced and hands-on security team: they don't subcontract to or from other security companies. Part of their services they offer free risk assessment and no obligation quotations to their clients.

Birmingham Security provides some of the most experienced and reliable security guards in the industry.

Each employed guard officer is SIA licensed, highly trained, and experienced in various different security roles.

The company's award-winning security and consultancy services have helped it secure many security contracts with global civil engineering companies, such as Acciona and some of the top UK construction companies, with accolades coming from different quarters " The security guards provided were always very smart, and they were a pleasure to work with. Having worked in many different events using many security firms in the West Midlands and London, Birmingham Security Services, for me, is a refreshing rarity," says Sam from Seeds Promotion Agency.

The company's mission is to provide scalable and flexible security services to businesses in the West Midlands at affordable prices and adjust their services to their clients' needs and level of risk, so that when they grow or risks increase, so does their security. Their vision is to be the most trusted security company in the West Midlands, where local businesses and the best staff in the industry are proud to work.
