

## CleverGet For Win V6 Comes with Giant Improvements, Adding Paramount+/Hulu Downloader Modules Inside

Featuring an ever more refined video processing technique, CleverGet for Win Version 6.0.0.0 adds 2 more downloader modules in this latest version to help download video from Paramout+ and Hulu websites.

**Shenzhen, Guangdong Jul 25, 2022 (IssueWire.com)** - CleverGet Software, one of the leading companies in the multimedia industry, has rolled out [CleverGet for Win Version 6.0.0.0](#) to help manage all kinds of video downloading tasks online. CleverGet is a comprehensive toolkit that is composed of up to 11 single downloader modules inside and allows users to save [8K videos](#)/live streams/and even paid content from 1000+ sites for offline enjoyment. Adhering to the principle of market orientation, the team from CleverGet keeps polishing this program constantly with more downloader modules available, and here are the major updates in CleverGet for Win V6.0.0.0:

- Added Paramount+ Downloader to download videos from paramountplus.com.
- Added Hulu Downloader to download videos from hulu.com
- Optimized program startup prompt window with detailed version comparison and a custom option.
- Optimized program Activation Center window to display registration info in either Thumbnail or List
- Fixed YouTube video downloading issues like downloaded YouTube videos being lost.

Launching new features is quite critical for a piece of practical software, therefore CleverGet puts a lot of effort into it and releases the high-profile [Paramount+ Downloader](#) and [Hulu Downloader](#). Both of these 2 streaming sites load with tons of movies/videos/TV shows/original content and people can dig their favs stuff on it. With the help of CleverGet V6, backing up or saving the video content from Paramount+ and Hulu become easier than ever.

To top it off, this whole new CleverGet fixed some discord problems like downloading YouTube videos being lost and optimized the user interface with clearer instructions. Also, personalized settings become more and more popular since people, especially the Z generation, pursue distinctive vibes. CleverGet V6 delivers the custom option to meet different needs.

## **Pricing and Availability**

CleverGet V6 is totally compatible with Windows 7/8/8.1/10/11 and now is available at half price for a lifetime license. This means people can save up to \$189.95 at once. Moreover, this program provides a free trial as well to permit users to download up to 3 videos for free.

## **Suggestions from CleverGet team**

- Program crashes

Try to clean the caches and reload CleverGet when this program keeps crashing.

- avcodec-58error

Most of the time, the avcodec-58 error is associated with installation failure. Try to open the directory: Task Manager > Details > XDL. Exe, click to close the process and reinstall it.

- Fail to analyze and detect the URL of the video

Make sure you've logged in and entered the window that is playing the video/movie already.
