About Calvin:

Calvin faithfully served his country in combat in Iraq and Afghanistan. Calvin has never once given up and he is not about to start now.

In his own words, Calvin says, **“Our nation is under attack, not from a foreign enemy, but from those within our borders who want to run our country into the ground. With rapid inflation on the rise, illegal immigrants pouring across the border, and our fundamental rights being trampled on, we need a fighter who knows what it takes to win. I know I am that fighter.”** Calvin lives in Orlando with his lovely wife Suzie Wimbish of 46 years.
