**Faridabad, Haryana Jul 12, 2022 ([Issuewire.com](http://Issuewire.com))** - Established in the year 2014, within a very short span of just 7 years, Gkon Electric has managed to become a pioneer name in the field of the electric rickshaw and electric scooter in India. We offer a huge range of battery-operated two-wheeler, electric rickshaws, and loaders. Our products are associated with long life, sturdy body, and design, ease in driving, and safety. We have our own manufacturing set up in Faridabad, Haryana. All the necessary

quality checks have been put in place to ensure that only fully tested and quality-approved electric vehicles get delivered to our customers. Our wide range of products gives the customers the choice to choose a vehicle that matches their budget and performance requirements. We are considered the best electric scooter manufacturer in Faridabad. We have a vast distribution network in place as well, to ensure timely delivery of our vehicles to the customers. We are constantly innovating through research and development. In the future, we hope to offer more variety of [battery-operated two-wheeler](#) and other electric vehicles to our customers with enhanced performance levels.

[Battery e rickshaw loader](#) are still new products. There is a lot of research and development that is happening in this field. By buying Gkon Electric products, you can be assured of top quality. Our advanced infrastructure setup, combined with a skilled and experienced workforce, ensures quality products. We are known for our ethical business practices. Whether it is about our prices or our delivery processes, we offer complete transparency to our customers. We have always lived up to all the promises made by us.
