Following are several testimonials from Grace Christian Music Festival 2021:

"We had such a great experience performing at Grace Christian Fest. From the second we arrived; we could sense that God was doing something special. Everyone there, staff and crowd, had such a contagious and infectious enthusiasm for Jesus that it was hard to not get excited. It was an honor to share the evening with them lifting up the name of the Lord." Jordan Phillips, Apollo LTD

"This event was a great opportunity to hear a new band that has become one of my favorites (Alive City) and hears the great music of the headliner, Ryan Stevenson. The sound equipment and staging were professional and there were a lot of local non-profits and vendors on-site for a great family-friendly, casual yet well-done event. As the local medical pregnancy resource center, we were blessed with the opportunity to speak to the crowd for a few minutes to share about our lifesaving services, and can't wait for next year's event! If you're an artist, you want to be here for a beautiful setting and passionate crowd! If you're a sponsor, your support of this event will bring a great return on investment in this professionally run event. And if you're considering attending, get your tickets early, bring your lawn chairs and be ready to be blessed!" Sue Nellis, Director – Compassion Pregnancy Center
