

Indie Artist Keonna Jordan Releases New Single "Wishin"

Virginia Beach, Virginia Jul 4, 2022 ([Issuewire.com](https://www.issuewire.com)) - Keonna Jordan recently released her new single "Wishin" to all streaming platforms, as well as the official music video. The new single follows the singer-songwriter's debut single "Pull Up," which she released last September.

Written by multi-talented Angel Delrae and produced by Grammy & Dove nominated artist Brvndon P, the new single "Wishin" is upbeat and energetic. Keonna sings and raps on the track showing her versatility, while giving listeners a West Coast trap vibe.

Born and raised in Fresno, California, Keonna Jordan is heavily influenced by old-school R&B tracks, alternative R&B, and Bay Area music which have helped shape her own artistry and nostalgic-yet-fresh sound. Now residing in Virginia, Keonna Jordan is now sharing her Westcoast sound across the Eastcoast.
