

Jack R. Pines III, MD, a Physiatrist with Resurgens Orthopedics

Get to know Physiatrist Dr. Jack R. Pines III, who serves patients throughout the State of Georgia.

New York City, New York Jul 7, 2022 (IssueWire.com) - A knowledgeable physiatrist, Dr. Pines III is affiliated with Resurgens Orthopedics, tending to patients at their offices in Fayetteville, Griffin, and McDonough, Georgia. His areas of clinical interest include non-operative spine care, interventional spine injections, and electrodiagnostic medicine.

With nearly 100 physicians and 24 locations across the Atlanta area, Resurgens Orthopedics serves residents of Georgia, the southeast, and beyond with excellent, innovative, patient-focused orthopedic care. With deep roots in its communities, it provides comprehensive operative and non-operative musculoskeletal care in a single practice, from injury diagnosis and treatment to rehabilitation and imaging services. It offers a combination of specialized expertise and broad experience that includes the areas of sports medicine, joint replacement, trauma care, and orthopedic surgery of all kinds.

Graduating with his medical degree from the Medical College of Georgia, Dr. Pines III went on to further his education with a residency in physical medicine & rehabilitation and a fellowship in spine surgery at the LSU School of Medicine.

An expert in his field, the doctor is board-certified in physical medicine & rehabilitation, and spine surgery by the American Board of Physical Medicine and Rehabilitation (ABPMR). The mission of the ABPMR is to serve the public by improving the quality of patient care in physical medicine and rehabilitation (PM&R).

Remaining up to date in his field, he is an active member of the American Academy of Physical Medicine and Rehabilitation and the Spine Intervention Society.

Physical medicine and rehabilitation, also known as physiatry, is a branch of medicine that aims to enhance and restore functional ability and quality of life to those with physical impairments or disabilities. Physiatrists treat a wide variety of medical conditions affecting the brain, spinal cord, nerves, bones, joints, ligaments, muscles, and tendons.
