Our Kitchen Planning Tips

- **Measure the Area**

Take measurements of your space first, then mark the internal and external walls of a 2D sketch on graph paper. Include your room's detailed measurements in millimeters (length, width, height).

- **Choosing Kitchen Doors**

We offer traditional and modern kitchen cabinets in a wide variety of colors, sizes, and textures, as well as shaker, slab-fronted, or handleless styles.

- **Select Your Countertops**

Choose an affordable and sturdy laminate worktop, a classic and valuable solid wood countertop, a

contemporary and gorgeous solid work surface, or a lavish quartz top after measuring the size of your workspace.

- **Appliances, sinks and water heaters, waste and storage**

Add high-end, stylish, and energy-efficient built-in kitchen appliances to complete your ideal kitchen. Also, don't forget to look through our incredible selection of kitchen sinks and taps or take advantage of our intelligent bundle discounts.

About [Noyeks Newmans]: [Noyeks Newmans] (<https://noyeks.ie/>). In 2001, the NoyeksNewman Group was born out of a merger between Noyeks and a leading specialist, the Newmans Sheeting Center, in the same industry. Specific areas of expertise are kitchen furniture worktops and high pressure—resistant sheeting.
