We have established ourselves as a leading pond products manufacturer over the last 25 years. We are known to offer FREE graphic designing, to create custom labels and pouches for our clients.

Pond Products Offered by CassCo Bio Labs for Private/White Labels

Beneficial Pond Bacteria Products

(Dissolvable tablets, water-soluble packets, and liquid)

- Treat golf course ponds, farm ponds, backyard ponds, ornamental ponds, fish ponds, and small lakes
- Come in liquids, powders, pre-measured water-soluble packets, and tablets
- Can perform in water temperatures between 110 F to 35 F
- Can remove murky water, excess fish food, fish wastes, odors, problem nutrients (such as nitrate and phosphate), and toxins (such as ammonia and nitrite)
- Available in the form of Private label pond products
- Can dissolve in minutes once tossed directly into the pond

Private Label Our Concentrated Blue and Black Lake Dye

- A super concentrated quart of blue pond & lake colorant
- Provides an aesthetically pleasing appearance to pond water
- Does not contain yellow colorant, as do many industry-standard dyes
- Safe for fish, plants, and other wildlife, when used at recommended rates
- Helps to achieve a more natural “deep water” look to pond water
