

Not For Me, debut Single from artist Mike Pasarella, opens doors to love

South Holland, Netherlands Jul 20, 2022 ([Issuewire.com](https://www.issuewire.com)) - Not For Me is not just an ordinary rock song with grunge and pop influences, but it is an anthem for true love. Mike Pasarella got his inspiration after a fairy tale relationship ended and he and his love brought the breakup news as a wonderful experience. The song Not For Me reflects what happens after and how love should continue in such situations. Time to move on and open up to new experiences.

The track is evolving along the way and follows the music and styles Mike likes to listen to himself. While it starts as a sweet rock ballad, it turns around when the lyrics progress.

An arrangement that is filled with crunchy guitar, vintage rock, and elements of pop. The track keeps you listening and surprises you all the way with changes in sound and mixed styles.
