Noida, Uttar Pradesh Jul 28, 2022 ([Issuewire.com](https://www.issuewire.com)) - PixelCrayons, a VInove Software & Services brand, has been named the winner of the prestigious “Best Place to Work” award by the Great Place to Work® Institute India. PixelCrayons was singled out for its outstanding employee satisfaction ratings.

According to the Great Place to Work® Institute India, this is the second time in a row that Vinove

(PixelCrayons) has taken home the accolade.

"We are incredibly proud of our team's success, and this award is a testament to their dedication and hard work," said the HR head. "We are committed to creating a great workplace where everyone can thrive."

Great Place to Work® Institute India praised team PixelCrayons for its "commitment to innovation," and its focus on "delivering industry-leading services." The company's approach to employee satisfaction was also lauded, with employees praised for their collaboration. In addition, Great Place to Work® Institute India noted that Pixelrayons' approach to remote working was particularly successful.

PixelCrayons is committed to attracting and retaining top talent, which is why its benefits package - which includes flexible hours, paid vacation days, and health insurance - is so valuable. The employer also supports its employees' career inspirations through a transparent framework and encourages staff to learn new skills and technologies and grow.

"We're thrilled to announce that PixelCrayons has won the "Best Place to Work" award! This award is a testament to our company culture and commitment to creating a great environment for our employees. We believe that happy employees lead to happy clients, and we're grateful to have such a talented and dedicated team. Thank you to everyone who voted for us and helped make this happen!" said the HR Head.
