The NBCS is one of the best schools in providing students a sense of love for learning and this adventure begins in kindergarten.

Introduction to NBCS:

The NBCS abbreviated as the northern beaches Christian school was established in the year 1981 in Mona Vale by a parents group who started attending the center church of northern beaches. They found this Christian school in the area of Northern beaches with the vision to build this exceptional school. This school was made with a lot of sacrifice, generosity, and dedication of friends as well as parents. There are different names for NBCS school named “God's school” and the “bush school”.

Advantages of NBCS:

They believe that children can learn in small troops. They are the providers of Christian views to help the students understand worldly affairs and the purpose as well as a place inside them. They make the usage of assessment as well as conversations which is data driven which helps the student to get comfortable and learn while identifying their talent, possessions, as well as strengths.

At the Northern beaches Christian school, the development of a language that is shared among the students with the articulation of framework depicts the look of learning at NBCS.
