

"Rise of Elves" limited Eggs giveaway event

Eastern Taipei, Taiwan Jul 7, 2022 ([Issuewire.com](https://www.issuewire.com)) - Since the Pre-launch Beta Test of Rise of Elves, more than 10,000 players have been playing it every day. What they're most enthusiastic about is the cultivation of their Elves and Heroes, getting rewards through the completion of achievements, and the domination of the arena in the future. In Rise of Elves, only Elves can be assembled as the team captain, and each team can consist of up to 6 characters, with at least one captain and one team member. You can assemble your team with 3 Elves + 3 Heroes, or 1 Elf + 5 Heroes.

The better the stats and abilities of the Elves and Heroes, the easier to clear the stages. Once you complete achievements while clearing a stage, you will be rewarded. Not only can the rewards be used to make your Elves and Heroes stronger but can also be sold on the Marketplace to exchange for cryptocurrencies.

Variety of Elves

There are Nine Elements in Rise of Elves: Water, Fire, Earth, Wind, Beast, Plant, Spirit, Light, and Dark. Each element has a unique appearance and consists of different parts. The combination of Elves will be infinite, wherein players can find the most suitable Elves to cultivate and accompany themselves on the journey of adventure. There are also rare parts waiting to be discovered, which makes Evolution more exciting and accelerates the Marketplace. Oh, and quite possibly special parts will be released for festivals!

The fun of the Evolution

Players can select 2 Elves they have, to create(Evolve) a new Elf on the official website. Each Elf can only be evolved 7 times, and each time will consume ROE coins and Crystal of Element (COE). After the Evolution is successful, the player will get an Egg that needs to wait for 5 days to incubate. Both Elf and Egg can be traded on the Marketplace. You can only know the element of the Egg before incubation, the appearance, abilities, and parts can only be confirmed after incubation. It greatly improves the fun of the Evolution, cause players will have a great sense of anticipation before the incubation!
