

Sustainable Laundry Made Easy With Strip Clean's Zero Waste Solutions

Sydney, New South Wales Jul 11, 2022 ([Issuewire.com](https://www.issuewire.com)) - Do you ever wonder about the steps you can take in your daily life to help the environment? It all starts from an individual level. You can voluntarily participate in movements that create sustainable technology. As an alternative, you can support the efforts of those attempting to make a difference. To make laundry simpler for everyone, Strip Clean has come up with eco-friendly, low-tech alternatives.

Strip Clean is an established supplier of laundry strips that present an alternative solution to do clean and sustainable laundry. It has launched products that are known as [laundry sheets](#). You can use sheets just like any other detergent. But the big difference is that you don't have to measure out the detergent quantity for doing your laundry. Plus, it is made with eco-friendly ingredients that protect aquatic life. Using these laundry sheets over your regular detergents has many advantages.

It all started with a thought

Strip Clean is an Australian business that was founded, by Sue. She is a Sydney-based entrepreneur and a happy mother of two young kids. Strip Clean started as a thought when Sue was doing her regular laundry load one day. She saw an opportunity to help herself and others by creating sustainable and simple laundry solutions. As a result, Strip Clean was created as one of the first Australian businesses that focused on laundry-related sustainable solutions.

How Strip Clean makes laundry easy for its customers?

Strip Clean addresses a few daily problems that a regular person faces at home. Strip Clean uses clean and simple ingredients that are easy to use. These ingredients are easy on the skin as well as the fabric. Plus, they are easy to use. All you have to do is use one strip for a load. Buy a packet of 30 [laundry strips](#) to use for the whole month.

Zero Waste Policy

Strip Clean has employed manufacturing as well as packaging processes that address the issue of plastic. Plastic packets that usually come with our regular laundry harm the environment. Strip Clean uses thin cardboard packaging for its laundry strip packs. Thin cardboards are easy to use with laundry strips instead of big plastic containers that come with heavy detergent packs.

So, if you are looking for the [best laundry detergent in Australia](#), check out Strip Clean.
