

TF Equities Expands Global Footprint

Perth, Western Australia Jul 11, 2022 ([IssueWire.com](https://www.IssueWire.com)) - Australia has been a big part of our global expansion plans for a while now and the pandemic set that back over these past 2 years. We are excited to tap into the Australian market with what we can offer, giving our clients exposure to the global markets and making the percentages they deserve.

TFE Switzerland has secured an allocation of a major luxury car brand floating soon in Germany and a limited amount will be offered to our Australian clients.

As a company, we look forward to advising and growing in the digital space in the Australian market.
