The slow juicers made by the Dutch company Versapers are well known around Europe. Slow juicers let you slowly get the juice out of fruits and vegetables. When the liquid is squeezed carefully, the vitamins and minerals stay in the fluid. Also, your juice will last longer because there isn't as much extra oxygen. So, the Versapers slow juicer is a great choice if you want to do juice therapy or detox.

The recipe book that comes with Versapers is full of helpful tips and ideas and over 50 proven recipes. In the recipe book, you'll discover that the Slow Juicer from Versapers can do a lot more than just make juices. Versapers also inspires you by sending you a newsletter full of motivational and inspiring content and tempting offers. After you buy, you'll always have access to the latest information and be reminded to keep improving yourself and benefit most of your Versapers.

Each Versapers, [Slow Juicer Deutschland](#), is made with the most care possible. If you want a juicer that will last a long time, we only use the best materials and methods to make one for you.
