In this seminar, broadcast worldwide through the official YouTube channel of Shincheonji Church of Jesus, Chairman Lee began the lecture stating, "If there are any false testimonies or errors, please tell us", in regards to the testimony of the 12 tribes and church leaders that have been released so far.

Chairman Lee explained the work of God, creating all things through the word and the process of creation and betrayal in the eras of Adam, Noah, and Abraham, and revealed that Jesus fulfilled the prophecy that God promised through the Old Testament prophets after Solomon's betrayal.

According to the prophecy of Jeremiah 31, Jesus came, and for the creation of new thing, two kinds of seed were sown in Matthew 13, and he made the new covenant in Luke 22. Lee also explained that, "this new covenant is that Jesus, who fulfilled the Old Testament, promised to return at the second coming". Chairman Lee continued testified that what Jesus desires to accomplish in the new covenant is the book of Revelation, and Jesus fulfilled this book of Revelation after he had received it from God.

Chairman Lee emphasized "Not by just believing in Jesus unconditionally, but only when we check when, where, and to what extent Jesus' promises have been fulfilled, we can have firm faith," and asked "if Shincheonji's revealed testimony on the entire chapters of Revelation and Old and New Testaments by chapters is correct, should not we believe?"

"If there is the word of life somewhere in the world right now, then shouldn't we receive it to have eternal life?" Chairman Lee also asked. "If God and Jesus are there and the word of eternal life comes from it, we must go there", he emphasized.

Chairman Lee said, "If we have testified the entire Book of Revelation that no one knows about in this world, it is because God has revealed it to us, otherwise how would we have known?" and "Didn't you hear that Shincheonji is testifying to the whole world, even making recordings? If the word is true, let us all come together as one in the world and come before God", he implored.

Chairman Lee concluded by asking "Just as the Old Testament was fulfilled, so the New Testament has been fulfilled. We have told you all the important contents of the Revelation and Old and New Testaments. Be sure to record it and watch it again and again and become one with the word."

Meanwhile, the online series for elementary, intermediate, and advanced courses of the Shincheonji Zion Christian Mission Center held since October of last year has been successfully completed with 21 million views.
