Los Angeles, California Sep 7, 2022 (Issuewire.com) - [Bristol Healthcare Services, Inc.](http://BristolHealthcareServices.com) announced today that they will be exhibiting at the upcoming 2022 Healthcare Business Management Association ([HBMA](http://HBMA.org)) Fall Conference in St. Louis, Missouri from September 15th -17th.

The conference represents revenue cycle management and medical billing professionals working with the U.S. Congress, the White House, CMS, and other federal agencies to improve the business of [medical billing](#) and the practice of healthcare. During the conference, medical billing professionals and services companies will meet with key technology and solutions partners such as Bristol Healthcare while allowing attendees to explore ways to improve their efficiency, productivity, technical, and operating skills, to serve and anticipate their client's needs, and to extend their outreach for the healthcare management industry.

At Booth #23, September 15th - 17th in St. Louis, Marriott Grand Hotel, Bristol Healthcare will reveal how Bristol's offshore back-office revenue cycle management solutions will help medical billing companies to reduce administrative costs, boost productivity, increase revenue and improve customer experience.

Bristol Healthcare will showcase how medical billing companies can use the cloud-based Workflow Management tool [BristolByte™](#) and automated Eligibility Verification and Claim Status Checking software [BristolBot™](#) to conquer the challenges presented in today's complex electronic claims workflow.

"The powerful and flexible offshore revenue cycle management solutions & comprehensive cloud-based workflow management platform will help medical billing companies to reduce operational cost up to 40% and increase revenue by 15%"

We invite you to visit us at Booth #23 to try out our medical billing, medical coding, and revenue cycle management services via a No Obligation Free Trial.

To book a one-on-one meeting with Bristol Healthcare at the HBMA Conference, please call **800-253-7320** or visit **www.bristolhcs.com**
