

Brise Paradise is Redefining Crypto Space with a Defi Project to Promote Mass adoption of \$PRDS and Bitgert

Magoodhoo, Faaf Aug 23, 2022 ([Issuewire.com](https://www.issuewire.com)) - Brise Paradise, the first ever Maldives-based hotel dedicated to cryptocurrency space, the project embarked on an innovative Defi project to redefine crypto space and bring mass adoption of Bitgert and \$PRDS through their Brise Paradise Hotel which is being constructed in the Maldives by leveraging tokenization to raise capital for the business through the Bitgert Blockchain.

The project, which comes in two phases is aimed at accomplishing the full construction of the Brise Paradise Hotel within 2023, expected to bring about the mass adoption of Bitgert and \$PRDS, and attract investors across America, Europe, Asia, and other parts of the world. The properties are to serve as a breeding hub for investors in the Bitgert Blockchain and \$PRDS, providing educational as well as informative services that will attempt to bring about 70% of the arriving guests to the property to become an informed investors of Brise Paradise and Bitgert ecosystem.

"The partnership with Briseman will ensure 70% of the arriving guests to the property becomes an investor of Brise Paradise after a comprehensive introduction and information about investing in cryptocurrencies and Blockchain projects," said Mr. Hussain Haisham, CEO of Brise Paradise.

"With this, we are expecting at least 400-1000 people buying \$PRDS or investing in Bitgert Chain and its projects quarterly through the first property and this number is set to increase significantly once the resort is in operation."

In achieving the goals and vision of the project, which is to make Brise Paradise a prominent Crypto hub in the Maldives, Brise Paradise embarked on the construction of a luxury modern hotel to provide tourists and visitors with a next-generation guest experience, while bringing leisure and luxury to one's life through its token and properties that are being built in the Maldives.

Phase 1 of the project is focused on accomplishing the construction of the Brise Paradise hotel through the adoption of tokenization as a means of fundraising. The hotel upon completion will serve as the base for the project, where people will be educated for mass adoption of \$PRDS and Bitgert's ecosystem and

reinvestment of business profits back to the token. While phase 2 of the project will involve Brise Paradise acquiring a 5 to 10 hectare island in the Maldives which will be developed for a Private Decentralized Island Resort where everything can be done conveniently with the project's native token \$PRDS.

Guests visiting Brise Paradise hotel can opt to be taken through a series of educational activities about cryptocurrency and Blockchain while introducing Bitgert and \$PRDS as an investment opportunity for them. Upon arrival at the Brise Paradise hotel, introductory flyers will be issued to the guests which contain an overview introduction to Blockchain (Bitgert), and Cryptocurrencies (\$PRDS) while Briseman will be a leading partner of Brise Paradise in all such educational activities.

Briseman instructors at the facilities will always be available for our guests and can call for assistance and take them through educative activities that would grow their Crypto knowledge and help them make informed and smart investments during their stay at the hotel.

Brise Paradise is a transforming cryptocurrency project developed on the Bitgert Chain to transform investment models in the Crypto space and serve as a worldwide cryptocurrency community where people of like minds come together to celebrate success and share knowledge. Brise Paradise concluded its presale with more than USD 700,000 raised during presale and launched on the SphynxlabsDEX in April 2022. The project is expected to grow to at least a 50m USD market cap within the first year of the hotel in being operation.

"Our goal is to make Brise Paradise a space for the worldwide cryptocurrency communities to come together, celebrate your wins, or even work on your own projects. A space designed to accommodate project teams to work on your projects, host launch events, or host your AMAs from paradise. These are just a few things you could be doing here," Mr. Haisham added.
