

Canada Eta Services Are Empowering The Global Citizens

Vancouver, British Columbia Aug 30, 2022 ([IssueWire.com](https://www.issuewire.com)) - Canada eTA or Electronic Travel Authority is one of the unique services that allow foreign citizens to visit Canada without obtaining a visa from the local Canadian Embassy. CANADA VISA ONLINE works as an alternative to the visa that offers the benefits of eTA for foreign nationals. In August 2015, a Visa Waiver program has been initiated by Canada to offer the benefits of eTA to certain Visa-exempt countries. This travel authorization is fast, efficient, and very convenient to avail of and the whole process gets done over the online platform. As a result, the applicants do not have to appear physically for verification. Canada eTA is recommended by Immigration, Refugees and Citizenship Canada (IRCC) and allows everyone to enter the nation for short-term visits.

In order to apply for the document, foreign citizens have to fill up the CANADA VISA APPLICATION ONLINE form on the platform. The online application form is provided in a simplified way to let the applicants fill out their forms of their own in an absolutely hassle-free manner. It is only a few minutes of work and any eligible person can apply through it. For further details, check out the online visa application form at <https://www.canada-visa-online.org/application-for-canadian-visa-online>. After that, the applicants have to a nominal fee for the service. The agency is quite flexible with its payment methods. As a result, foreign citizens can easily pay via debit cards, credit cards, PayPal, and many other mediums.

In most cases, Canada's electronic Travel Authorization can be obtained within 24 hours. However, the time can extend up to 72 hours. Therefore, foreign nationals are advised to apply for the visa at least 3 to 5 business days before their departure. The eTA comes with a validity of 5 long years and since it is a multiple-entry document; travelers can visit Canada multiple times during the period. However, each stay in the country would be longer than 180 days since 6 months is the maximum limit for a single stay. The document is directly linked with the valid passport owned by the applicant.
