

CleverGet Releases Version 5.0.0 for Mac with Updates on Discovery+ Downloader and HBO Downloader

CleverGet Software has released its CleverGet for Mac V5.0.0 and provides 2 more downloader modules in the newest version. People now can download videos from Discovery+ and HBO at will.

Shenzhen, Guangdong Aug 9, 2022 ([IssueWire.com](https://www.issuewire.com)) - Serving as one of the downloading solution providers, CleverGet has been well-received by customers all around the world to download free or paid videos from tons of video-sharing sites. [CleverGet Toolkit](#) made its debut in February 2022 and has gone through dozens of times iterations over the past six months. The team from CleverGet Software has improved this all-in-one bundle based on the feedback from clients and is now delivering the CleverGet for Mac V5.0.0, here are the major updates in this latest release:

- Added Discovery Plus Downloader to download videos from the Discoveryplus.com website;
- Added HBO Downloader to download videos from the hbomax.com website;
- Fixed known bugs.

CleverGet for Mac is a combination of Video Downloader, [Twitch Downloader](#), [Netflix Downloader](#), [Disney+ Downloader](#), [U-NEXT Downloader](#), and Crackle Downloader, FOD Downloader, HBO Downloader, Discovery Plus Downloader. For sure the CleverGet team will focus on developing more and more available downloader modules for Mac users and assist every client to save the needed videos from websites in utterly simple steps. People are allowed to single out the video of required parameters/resolution/video format from the downloadable list and they can also reserve all audio tracks and subtitles according to personal needs.

The newest CleverGet for Mac V5.0.0 supports the diverse needs of the customer by adding 2 more downloader modules in it. As we all know that Discovery+ and HBO are 2 non-negligible streaming servers thanks to they host a large number of video content including documentaries, original series, and real-life entertainment. Under such a scenario, CleverGet provides an access to get those exclusive videos from both Discovery+ and HBO and makes it possible to enjoy the fav Discovery+/HBO video offline. Detailed steps on getting video from Discovery+ and HBO are as follows:

- Download and install the CleverGet for Mac V5.0.0 from [the official page](#).
- Sign into your account on the Discovery+/HBO
- Enter the window where the target video/movie is playing
- Select the desired video from the pop-out available list and proceed to download

Notes:

*CleverGet team suggests running this program on a computer with an advanced version of the system to make it work smoothly.

*CleverGet provides a free trial version that allows people to download up to 3 videos before purchasing the official version.

Aside from the said, CleverGet for Mac V5.0.0 fixed known bugs reported in the previous releases to make this toolkit more practical.
