**New York City, New York Aug 16, 2022 ([IssueWire.com](https://www.issuewire.com))** - Earlier this month, Concepta Technologies was listed as one of the fastest-growing American companies in this year's edition of the prestigious Inc.5000 list. This placement marks the second time in as many years that the software development company has received this honor – Concepta was also ranked 2972 in 2021.

*“Being listed among some of the top companies in the country is a tremendous honor; to have this happen two years in a row was really something special. It’s a testament to the effectiveness of what we’re doing, and to the contributions of our amazing, fully committed team,”* said Leo Farias, CEO, and Co-Founder.

Awarded to 5000 of the fastest growing privately-owned companies in the United States, the annual Inc.5000 list has been an important growth benchmark for over 40 years. Prominent list alumni include major companies like Microsoft, Inuit, Under Armour, and Oracle, to name just a few.

Mr. Farias attributes Concepta’s repeat success to an agile development process that prioritizes speed, innovation, and client engagement. *“We try to put ourselves in the client’s shoes and deliver value at every stage of the collaboration. When we do that, good things tend to happen.”*

**About Concepta**

Concepta Technologies is an award-winning software and app development company based in Orlando, Florida. Leveraging cutting-edge technologies and a world-class development team, Concepta helps clients design, develop, and launch custom applications that accelerate growth. In addition to the Inc.5000 list, Concepta has also been named among Central Florida's Elite 50 and as one of the Top 10 Fastest-Growing Hispanic Companies in Orlando.
