

Continually Explaining The Entire Bible, Shincheonji Church of Jesus plans yet another Seminar this Saturday at 10AM

On August 20th at 10am, Chairman Man Hee-Lee of Shincheonji Church of Jesus (hereinafter Shincheonji) will continue giving special lectures for believers around the world to explain the Bible's "The Tree of Life and the Tree of Good and Evil."

Chicago, Illinois Aug 22, 2022 ([Issuewire.com](https://www.issuewire.com)) - The fourth lesson in a series of special seminars will be held on August 20th, after the third was held a week prior on [August 13th](#). The fourth seminar will cover '*The Tree of Life and the Tree of Good and Evil*'. The seminar will reference the fruits of the trees spoken of in Genesis and the Tree of Life seen in Revelation 22.

When he began the August 13th seminar, Chairman Lee requested, "Everyone, open the Book of Revelation while listening and check whether what I am testifying is correct or not" and "If you want to know the Bible and go to heaven, you must confirm the fulfillment of the Book of Revelation and if there is anything that needs to be examined, we should examine."

Chairman Lee had never studied or learned theology, but Jesus has shown him the fulfillment of the Revelation and commanded him to testify to the churches of what he has seen. He repeated during the seminar called '*The Fulfillment of the Revelation I Have Witnessed*' that he was sharing the testimony because it was his duty as seen in Revelation 22 verse 16.

Chairman Lee emphasized that the new covenant that Jesus promised at the first coming is the book of Revelation, and Jesus fulfills the Book of Revelation at the second coming as promised. From Revelation chapters 1 to 22, testifying the core contents and the reality of its fulfillment in detail, he reiterated, "The book of Revelation has been fulfilled as it is written, omitting not even a single letter". "All of these must be fulfilled. Calling one a heretic, because of saying such a thing would be against the Bible. Please confirm."

Prior to these latest seminars, Chairman Lee and Shincheonji taught the entire Bible from elementary parables to the logic of the bible and the entire book of Revelation in less than a year. The results have included pastors, churches and seminaries signing MOUs to request the teaching materials.

Pastors were requested to ask themselves, "Who am I truly according to the Bible?" and "Have I been created according to the Bible?" He urged them and all those listening to perceive the testimony of the fulfillment of the prophecies of the Bible, which he delivered as instructed after seeing the reality, so they can reach salvation.

Lastly, Chairman Lee implored, "Not only do you say you believe in God, but you must confirm and believe the word of God and become a believer recognized by heaven".

"There is one God, one Jesus and one Bible. Why should we fight? Let's become one in God and in God's word."

The reason that Chairman Lee testified through three seminars that summarized the entire Bible and the Book of Revelation is inferred to be to reveal that the time of salvation is near and to do his best as a shepherd commanded to deliver this message. During each seminar, Chairman Lee repeatedly appealed "If there are any errors, point them out," "confirm with the Bible," and "become one in the Bible"-- as he fulfills his duty as the shepherd chosen by Jesus.

The seminar video hit 400,000 views in three days, and it was confirmed that more than 2,000 pastors watched it directly.

A pastor who requested anonymity shared his review, "Without having studied theology, but he was able to preach the entire Bible across the Old and New Testaments. There is no other explanation but it is God's work. It was amazing" and "I was impressed with the detailed explanation of the overall context and contents of the book of Revelation. I should find out more".

Chairman Lee and Shincheonji will continue online seminars on August 20th, *'The Tree of Life and the Tree of Good and Evil'*, through local branch churches.

The role of media in the promotion of the knowledge of the seminars and the successful impact that Shincheonji is having does not go unnoticed, so media of all kinds, including radio stations, bloggers, religious journalists, YouTube, and TV stations are all invited to come, listen, confirm with the Bible, and report on what Chairman Lee is making known today.
