

Danish Haque, MD, an Addiction Medicine Specialist with University Medical Center of El Paso

Get to know Addiction Medicine Specialist Dr. Danish Haque, who serves patients in El Paso, Texas.

New York City, New York Aug 25, 2022 ([Issuewire.com](https://www.issuewire.com)) - A top professional in the field of addiction medicine, Dr. Haque is affiliated with the University Medical Center of El Paso.

University Medical Center of El Paso is the primary teaching institution for Texas Tech University's four-year Paul L. Foster School of Medicine in El Paso. As such, it is the only academic healthcare setting in far West Texas and Southern New Mexico. That affiliation and the fact that it is El Paso's only not-for-profit, community-owned hospital, help ensure that high-quality healthcare services are available to all, regardless of their ability to pay.

Before embarking on his professional journey, Dr. Haque graduated with his medical degree from the Baylor College of Medicine in 2012 and completed his residency in addiction medicine at the University of Texas Health Science Center.

Addiction medicine is a medical subspecialty that deals with the diagnosis, prevention, evaluation, treatment, and recovery of persons with addiction, those with substance-related and addictive disorders, and of people who show unhealthy use of substances including alcohol, nicotine, prescription medicine, and other illicit and licit drugs. An addiction medicine physician provides prevention, evaluation, diagnosis, and treatment services for patients with unhealthy substance use or substance-related health conditions.
