

Medivic Aviation Air Ambulance Service in Bangalore is Shifting Patients with Comfort and Safety

Medivic Aviation Air Ambulance offers services according to the specific requirements of the ailing individuals and keeps every detail related to medical evacuation in our minds before scheduling the journey.

The advertisement features a white private jet with its cabin door open, set against a cloudy sky. In the bottom left corner, a female medical professional in a white lab coat holds a blue folder. The Medivic logo, consisting of a red 'M' inside a circle with the tagline 'victory over suffering', is in the top left. A red clock icon is positioned next to a yellow banner that reads '24/7' and a dark blue banner that reads 'SERVICE EVERYDAY'. The website 'www.medivicaviation.com' is displayed above the main headline. The headline itself is 'Medical Transportation of Patients Made Easy with Us'. Below this, a white box contains the text 'CALL US TO BOOK', followed by the large phone number '9560123309'.

Bengaluru, Karnataka Aug 8, 2022 (Issuewire.com) -

There are several means of transportation to shift patients to the medical center but an air ambulance

proves to be the most comfortable and speedy medium of shifting patients to their opted destination for treatment. The **Air Ambulance in Bangalore** ferrying under **Medivic Aviation Air Ambulance** offers smooth and swift medical transportation to the patients with end-to-end care delivered onboard. We are an affordable emergency evacuation provider offering a medically-certified crew to take care of the patients. We are specialized in transferring patients with ICU-equipped aircraft complemented with the facilities like life support and critical care amenities.

We provide trained and aero-medically certified staff to manage every aspect of the evacuation process with necessary assistance delivered to the patients who want to get shifted to the hospital with safety and comfort. Our technical staff handles every aspect of the transfer operation with skillfulness and thorough dedication. The state-of-the-art medical flights of [Air Ambulance Services in Bangalore](#) have a medically accredited oxygen system, cardiac monitors, suction pumps, wheelchairs, and stretchers to shift patients without any trouble or laying any risk to their health.

For a Comfortable Flight Choose Medivic Aviation Air Ambulance Service in Patna

Medivic Aviation [Air Ambulance Services in Patna](#) makes sure a skilled medical staff including nurses, paramedics, and doctors having years of experience in providing critical care to the patients accompany them during the journey. All of them are equipped to handle the emergencies occurring onboard and offer a wide range of services that provide a turbulence-free ride to the center of nursing. Our medical gadgets are modernized and have the capacity to keep the health of the patient in stable condition so that they feel at rest. We operate with a professional crew that works for the satisfaction of the patient and has vast experience in delivering proper monitoring to them onboard.

We at **Air Ambulance in Patna** offer services according to the specific requirements of the ailing individuals and keep every detail related to medical evacuation in our minds before scheduling the journey. Our dedicated help desk executives look after every logistical detail and manage the evacuation process appropriately. At one incident we were asked to shift patient suffering from kidney malfunction. We talked to the sending physician and arranged for all the necessary equipment and transformed the aircraft's interior into a dialysis room so that the patient travels without any complications. We maintained the cabin pressure of the aircraft from beginning to end to make the journey nonchalant.
