The advertisement features a composite image. On the left, a female medical professional in blue scrubs and a hairnet holds a red stethoscope. Above her, a white and blue twin-engine jet airplane is shown in flight. The background is a gradient of light blue to white. The Medivic logo, consisting of a red 'M' inside a circle with the text 'MEDIVIC' and 'victory over suffering' below it, is positioned in the upper left. A grid of white dots is in the upper right. The main text 'YOUR HEALTH IS OUR PRIORITY' is written in large white letters on a dark blue background. Below this, the services are listed in a cursive font. Contact information, including a phone number and website, is provided at the bottom right with corresponding icons.

The emergency medical evacuation needs of the patients get addressed with the help of a medically

outfitted air ambulance service delivered by the **Air Ambulance Service in Guwahati**, operational under **Medivic Aviation Air Ambulance** available as a savior of lives in an emergency. We offer a well-furnished medical flight customized as per the specific requirements and underlying medical conditions of the ailing patients. Our air ambulances have the facilities of Intensive Care Units to support critical patients and shift them without any trouble. We have aero-medically certified personnel working to guarantee a risk-free journey to the patients available with comfort and stability.

On contacting our crew, the family of the patient gets provided with the detailed process of the air evacuation trip. The transportation operation is then conducted according to the itinerary and the health of the patient. We coordinate with both the sending and receiving facilities and arrange the evacuation mission according to the criticality of the situation. We provide optimal care and transportation depending on the needs of the patients. The case coordinators employed under the [Air Ambulance Services in Guwahati](#) look after all the requirements of the patients and also arrange a medically packed ground ambulance at both sides of the airport.

### **Choose Medivic Aviation Air Ambulance Service in Kolkata for Availing a Risk-Free Shifting Process**

The medical staff employed at **Medivic Aviation Air Ambulance Services in Kolkata** provides detailed supervision and checks on the health of the patient. They possess years of experience in handling the needs of the patients and keeping them stable throughout the process of transportation. We provide a transparent and low-cost medical relocation budget that can be easily opted at the time of need. We have a dedicated medical crew to take care of the patients from start to finish of the process of evacuation and provide immediate medical aids and attention whenever needed.

The help desk of **Air Ambulance in Kolkata** was once contacted to shift a patient experiencing complications related to the kidney. We were quick to respond to the evacuation-related needs of the patient and at first arranged for a ground ambulance right from the residence of the patient to the receiving airport. We then loaded the patient into the medical flight with the help of a stretcher and then supplied the necessary medication to the patient after he got settled. Our aero-medically trained nurses looked after the health of the patient at regular intervals and arranged for everything that was needed by the ailing individual. The journey got completed successfully without causing any casualties.
