

Naturopathic Medical Clinic Now Open in Port Hadlock, WA

Port Hadlock, Washington Aug 31, 2022 ([Issuewire.com](https://www.issuewire.com)) - Vital Elements Natural Medicine is now open, as of November 2021, offering comprehensive naturopathic primary and specialty care, with in-person and telehealth appointments available for new adult patients in Jefferson County, WA, and beyond.

"Delivering care and service of the highest quality is my passion, and I am excited to have this opportunity in Port Hadlock. Better serving the medical needs of Jefferson County, particularly for low-

income residents, has long been a priority. Too often, naturopathic medicine is inaccessible to people because most offices don't accept insurance, especially Medicaid. It's my mission to change that." said Brittney Northrop, ND, owner, and physician at Vital Elements Natural Medicine.

The clinic is located in the heart of Jefferson County, in Port Hadlock's Salmon Business Park, about 20 minutes south of Port Townsend.
