

Nautilus Launches the World's First Debit Card for Dogs, The Bark™ Card

Beverly Hills, California Aug 8, 2022 ([Issuewire.com](https://www.issuewire.com)) - Richard H. Davis, President and CEO of Nautilus International, Inc., states that his company intends to produce and market the Bark™ Card*, a one-of-a-kind debit card for "Man's best friend" your dog. Instead of traditional cash back or reward points, the Bark Card sends out exclusive membership coupons for premium dog food and treats such as RACHAEL RAY'S NUTRISH, HILL'S SCIENCE DIET, PURINA, BLUE BUFFALO, TASTE OF THE WILD and BREEDER'S CHOICE AvoDerm. The doggy debit card includes a dollar-for-dog everyday spending bonus.

Davis is the inventor of AvoDerm Dog Food (Patent number: 4444763) Filed back in April of 1982, The "Avocado goes to the Dogs" segment was featured on the CBS Evening News with Dan Rather. Davis is also the inventor of DERMIQUE Dog Water and a cell phone to track your lost dog's location back in 1990. "Giving your canine companion his own Visa Debit Card, makes good scents, Doggone it, your Mutt shouldn't have to carry around cash, anymore." said Davis. Nautilus has filed a US provisional patent application for the Bark Debit Card.

Your Dog's Visa Debit Card can be reloaded at any Bank or Walmart Instantly (only a 1% Transfer Fee) with unlimited Cash withdrawal from any ATM. All your dog's prepaid card transactions are displayed in your online control panel. You can track your dog's payments, deposits, withdrawals, and transactions online, available 24/7. No ID is required. No hidden fees or unfair costs. Using the Bark Card is by far the easiest and fastest way to cash-out your dog's food allowance. The Bark Debit Card is Accepted anywhere Visa cards are. Most Airlines will accept the Bark Card for associated fees for K9 travel; a dog doesn't need an airline ticket, per se; the dog won't be assigned its own jump seat, but will still fly!
