

Practice Crown is the New Revolution in the Practice Management Industry!

Palo Alto, California Aug 18, 2022 ([Issuewire.com](https://www.issuewire.com)) - Practice Crown is a one-stop shop for all the digital needs of your practice. We initiate by attracting new patients for your practice, then delivering premium services, and at last collecting reviews and feedback from patients. We ensure an 80% better patient experience with efficient services built by the doctors for the doctors. We also guarantee better time management and more appointment-ready patients. And of this plethora of services for a cost less

than a single patient fee. If this isn't the definition of a win-win situation then what is?

We are the crown that your Practice needs.

Practice crown enables you with a strong online presence of your practice. We offer a complete kit for a strong digital presence. What makes us special is our ability to reckon with what our customers want and build the same with perfection.

What does Practice Crown offer?

We at practice crown hold customer satisfaction on the highest pedestal. Solving problems gives us a lot of satisfaction. There are a lot of digital problems a practice owner faces while taking care of the practice and doctors should treat patients not websites.

We help you reduce the paperwork web and automate everything, from bookings to check-ins, reminders to confirmations all at one click.

Products

Online Appointment Booking: Practice Crown enables your practice with an efficient and scalable online appointment booking system that reduces the daunting paperwork and other errors which eventually boosts your productivity.

Digital Check-In: Practice Crown offers you a digital check-in interface where patients can actually check in the clinic by entering necessary details like patient's name, patient id, insurance cards, and credit card information. Digital check-ins not only reduces front office workload but also decreases the payment waiting time.

Telemedicine: Practice crown enables your practice with a platform that lets you connect with your patients through seamless video connections. Telemedicine facilitates you to treat patients anywhere around the world without any extra hassle.

Appointment Reminders: Automate your reminder sending mechanism with our intelligent software at a 70% lesser price. We provide customized templates that can be modified according to your needs for a faster and more accurate way to remind people to book reminders.

Secure Patient Texting: Practice crown fosters a safe and extremely secure Patient texting platform abiding by our motto of safe Internet is better internet. Our automatic and customized reminder templates allow you to send emails, voicemails and text messages that lower patient cancellation rates and increase data security.

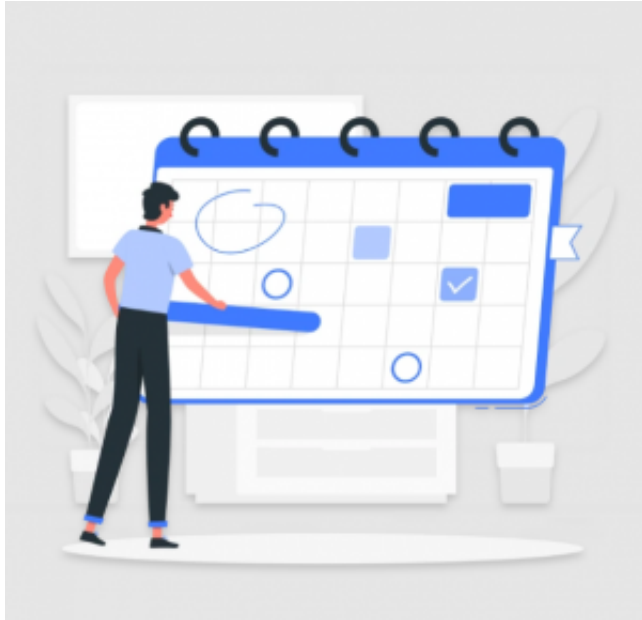

SEO: Content Marketing and search engine optimizations can be really intimidating because of the time that goes into establishing a perfect SEO. And that is why Practice Crown offers excellent SEO services by experts who know how to make you visible in front of the people who are looking for you.

Marketing Campaigns: Avoiding marketing campaigns is like opening a practice and not telling people about it.

Reputation Management: Practice crown helps you to build a brand that is loved by all. We help you build nothing but a positive online reputation through positive reviews and online feedback surveys. Not

only appreciation, but we also help you count the constructive criticism to restore unhappy patients.

Website Development: Practice Crown provides you with a beautifully designed and completely functional website that aids your patients with convenience. Having a website builds a sense of trust, and reduces unnecessary phone calls and emails. All of this helps you provide faster and better service.
