

Rapper “Yung Swagg” Announces EP

Los Angeles, California Aug 3, 2022 ([IssueWire.com](https://www.IssueWire.com)) - Consistency is key when trying to make it big in music, and rapper Yung Swagg, seems to understand that well. After releasing 4 songs in June, Swagg, decided to take July off to focus on his new EP titled “Pain”. Swagg, posted the EP cover late Tuesday night on his [Instagram](#). Although he posted the cover, he left the date out which leads us to believe that it will be a surprise release.

Born Robert Bellamy Jr. in Washington, DC, Swagg has been through his fair share of pain. Due to complications during his mom’s pregnancy, Swagg, had to get his leg amputated at birth and also has webbed fingers. We reached out to Swagg and asked what should we expect from the upcoming project. “Raw honesty about my life” the DC native responded. “All I can give people is my life” he added. We also learned that he plans to have only 3-5 songs on the project. We can’t wait to see what’s next in store!
