

## RLT Media Group Celebrates its 5th Anniversary & 100 apps in the Apple Store

The company is a leading mobile app and game developer with combined expertise of 20+ years in the field. RLT Media Group is projected to be worth 500 million by the end of 2023.

**Hollywood, California Aug 11, 2022 ([Issuewire.com](http://Issuewire.com))** - The RLT Media Group is celebrating its 5th Anniversary and is projected to be worth 500 million by the end of 2023. The RLT Media Group is a top-notch mobile app & game developer and mentorship provider. The CEO & Founder, Reality Laster, is a mobile app developer with many years of experience. Laster and the team focus on creating high-quality

and effective mobile apps and games. Its goal is to bring smartphone users the most entertaining content possible with high-quality production values at an affordable price.

The success of the game, lifestyle, and health apps led to many other apps such as "Aliens Fighter", "Motorcycle Racing Challenge", "Fruit Pixel Adventure", "Jelly Master Race", "Viking Sword Fight", "I Can Paint Too" and more. In addition, the RLT Media Group has sold over 100 apps on the App Store since it was founded in 2017. This success led to the creation of many other apps by Reality Laster and the team.

Besides working on various apps and games, The RLT Media Group, LLC is an experienced app developer that helps individuals or companies launch their new apps. With vast experience in the apps and games field, The RLT Media Group, LLC provides mentorship programs to gain success in launching a new app or game with proven strategies. This mentorship program is available for various games and apps such as hospitality, games, food & drink, sport & fitness, real estate, education, event, and more.

*"RLT Media Group, LLC is a great company to work with. They are extremely professional and very knowledgeable in the industry. They are always available to answer questions, listen to suggestions, and help make your apps a success!"* Said one of the customers.
