

Silverback Gorilla Art Club Drops New NFT's on OpenSea

Sugar Land, Texas Aug 15, 2022 ([IssueWire.com](https://www.issuewire.com)) - Silverback Gorilla Art Club is pleased to announce its launch of a 10,000 NFT campaign to adopt a silverback gorilla to stop the hunt in Africa for this endangered species. We decided to create a collection of gorillas to bring awareness to the endangered species being hunted in Africa. Our NFT characters depict the personality of individuals and avatars that individuals use to represent their personality. We created two especially rare pieces featured on OpenSea item #911 represents support for Ukrainian soldiers fighting for their liberty against Russia and rare piece #1111 represents a Ukraine Soldier Fighting for democracy was created to show support for the Ukrainian soldiers' fight for their liberty. We have only dropped 100 pieces of our collection and plan to release the full collection over time. Visit our collection on Opensea @ <https://opensea.io/Silverbackgoril>
