

Singapore Startup ReferReach Debuts its AI-Powered Networking App at Coinfest Asia 2022

Singapore, Singapore Aug 1, 2022 ([IssueWire.com](https://www.issuewire.com)) - A Singapore-based startup, [ReferReach](https://www.referreach.com), will debut its new app at Coinfest Asia 2022, the first and biggest crypto event curated for crypto and blockchain startup founders, ecosystem builders, and web3 solution creators.

ReferReach has been chosen as the event's official networking app to facilitate offline to online networking among its 1000+ attendees. The ReferReach App will provide a central attendee networking platform for Coinfest Asia, where introductions and follow-ups can occur. Unlike other networking platforms for business, ReferReach helps its users acquire relevant leads faster by integrating into known and reputed networks through its innovative technology.

The premier event will take place in Bali from 25 to 26 August 2022, just months before the 17th G20 Heads of State and Government Summit.

To learn more about the technology behind ReferReach, visit [ReferReach.com](https://www.referreach.com). ReferReach is available for download on the [Google Play Store](https://play.google.com/store/apps/details?id=com.referreach).

About ReferReach:

ReferReach was founded by Entrepreneur Kelly Choo, with Frank Lee and Yusry Harfuddin. The platform was officially launched in June 2021 and leveraged AI and blockchain technology to improve the referral process. Today, ReferReach uses its solution to scale trust and reputation building.

ReferReach optimizes business networking to deliver qualified leads to its users.
